EMAIL FROM EXTERNAL SENDER

I think all they are planning to store on site is the office trailer, generator, portable toilets, and a hand wash station.

That location may be helpful for the office trailer and other supplies so that the street is freed up for equipment.

Please see note below. Will it still be helpful to have the staging at these two sites if we can't store the filled containers? I bet they would also be okay with other supplies that couldn't contaminate. What else could we potentially place?

I can prepare the waiver if you're agreeable.

EMAIL FROM EXTERNAL SENDER

Cheryn,

We have a few major items we are dealing with. I am asking Marisa to try and set up a call for us on Friday. We will be able to assist with use of the property but need official letter of request with usage spelled out and indemnification and waiver of liability. No storage of items besides the empty bins to prevent transfer of soil.

Thanks,

**Patrice Bell Mercadel**

Patrice and Marisa,

Did 3:30 today work for a conference call about this issue? In particular we wanted to talk about health impacts/concerns. We believe the plan will prevent any impacts but we want to be sure you understand how we're planning to avoid those impacts.

Hi Patrice,

Thought I'd check in to discuss this issue and the nature of this project.

Are you available for a conference call today or tomorrow?

Cheryn

Hi Patrice,

The City has a project projected to start the last week of May. We need to store some roll off bins, the ones that are the size of a dumpster. I understand Xavier owns several sites near Lowerline St. and Coolidge Ct. May the city use your properties at the addresses below for storage? The containers would be secured and stored for up to two weeks awaiting disposal. The Assessor has Xavier listed as the owner of:

7801 Olive St.

7805 Olive St.
